Side Steps

GEN X

Oval Tube Nerf Step

Westin proudly introduces the GenX Oval Tube Nerf Step. Brand new to the step category with off-road appeal, the GenX Oval Tube Nerf Step combines a street style accent bar together with an off-road style drop step, which decreases step-up distance by 6" for easy vehicle access. The upper bar serves as an accent bar that adds street styling to the vehicle.

- Mount Kit included
- 4" Oval upper bar serves as an accent bar
- Drop down nerf step is a 2" oval tube
- Decreases step-up distance by 6"

TRAILFX

HD Grille Guards

The HD Grille Guards are designed with heavy-duty use in mind and engineered to provide the maximum front end coverage for the headlight and grille areas of your truck. Every HD Grille Guard is designed specifically for each vehicle model, contouring to the lines of the vehicle while providing an easy, no drilling required, bolt-on installation.

Gen II Trans4mer Mounting System

The WARN Gen II Trans4mer winch tray attaches directly to your vehicle's frame, making it easier than ever to mount a winch to a vehicle. Now, whether you simply need a strong, durable place to mount your WARN winch, or you want the top-of-the-line system with headlamp guards, grille guard, light bar, and front receiver, the WARN Gen II Trans4mer system is more accessible, durable, and versatile than ever before.

System includes:

- Mounting Kit
- Grille Guard
- Light Mounting Bar
- Headlamp Guards
- Receiver Bracket

Part No. 85360 - GEN II Trans4mer Mounting Kit, Large Frame, Black, (Incl. Winch Carrier for: 16.5ti, M15, M12, M8274-50)

Part No. 85350 - GEN II Trans4mer Mounting Kit, Mid Frame, Black, (Incl. Winch Carrier for: PowerPlant HP & HD, Endurance 12.0, VR12, VR10, 9.5cti, 9.5xp, XD9i, XD9, M8, VR8, M6)

Front Bumpers

Designed to be the ultimate in functionally stylish front end protection, the Fab Fours front winch bumper is engineered to accept the WARN 16.5 winch.

AERO LT Front Bumpers
Big Rig Protection For Your Truck

Pickups need protection too – with HERD's Aero LT, you do more than enhance the look of your truck. You get serious wildlife collision protection.

Eyebolts

Herd's high quality, steel drop forged eyebolts with 7/8" threads are a proven method for fastening the bumper guard in the upright position.

3" Tube

All of Herd's tubing is made from high-quality, high strength 6061 aluminum. Oversize 3" tubing is standard on all premium products - the Defender, the Texas, the Aero, as well as on the ultra-premium Road Train model.

Oval Tube

Oval tubing is used for strength and styling on vertical tube bars, as well as in our pickup truck models to provide a flat mounting surface for aftermarket lights.

OEM Light Mounting Provisions

On some vehicles, the OEM lights can be integrated into cutouts in Herd's bumper guard.

Herd's Mirror Polish

HERD's proprietary 9-step polish process is without a doubt the shining star in the industry. The end result is a mirror-like finish you can be proud to put in front of your truck.

Apollo Pro Series Lights - 6" Round Housings

KC Apollo lights feature a super tuff black Polymax housing with an integrated stone guard. Their flat profile allows them to be mounted on bumpers or other areas where tight clearances may be a concern. Their optical quality glass lens, halogen bulb and polished reflectors combined generate a super bright specially focused beam. The two axis mount provides easy aiming.

KC Apollo Pro Series pair packs include:

- Two Apollo Pro Series lights with integrated stone guards
- Pre-terminated relay wiring harness
- Illustrated installation instructions

6" Part No.	5" Part No.	Beam Type
150	450	Long Range - Clear

Truck Bed

ENCORE
TONNEAU

THE FIRST 3-PANEL HARD FOLDING COVER THAT PROVIDES BOTH FRONT PANEL OPENING AND REAR FOLD-UP. THE WIDER PANEL OPENINGS ARE MORE CONVENIENT FOR STORING AND UNLOADING CARGO.

Simply Superior

Our new low-profile, hard-panel tri-fold offers easy access from both front and rear. The Encore cover is self-positioning for pain free installation and self-latching for extra security. Engineered SecureShut™ rear latch locks the cover at the tailgate; front panel has a separate rotary latch and lock. The Encore offers a Maximum Strength Warranty of 3 years.

extang

AMERICA'S #1 SELLING TONNEAU

User-Friendly Removal

Simply fold from front and back, then lift up and off to gain full use of truck bed. Lightweight design permits easy removal and reinstall.

Extangtuff Design

Engineered SunStrong® FRP panel keeps cover cooler and provides excellent UV protection. Textured, powder-coated frame and rubber corners offer superior dent and scratch resistance.

Advanced Sealing System

The Encore's unique channeling layers are integrated into the side rails for the ultimate in weather protection.

Truck Bed

UNDERCOVER FLEX

- Introducing the next generation of covers - the Undercover Flex folding cover. Flex combines the best of both worlds; the security of a hard locking cover and the convenience of a soft cover. Constructed from the best materials available, Flex will withstand the abuse Mother Nature throws at it and keep coming back for more. No other folding cover can match Flex for versatility, security and function. Covered or uncovered, always an option with Undercover.
- Ultra-low profile design rests inside the bed rails, allowing for a very sleek look
- Clamp-on, no drill installation for most applications
- Built-in prop rods secure the cover, allowing your truck to be driven with the cover fully open
- FRP composite panels are lighter, stronger and more dent resistant than aluminum
- Entire cover can be removed in seconds with no tools needed
- Plastic buckles and straps are included to secure the panels in the partially open position
- Rubber seals and drain tubes channel water away from and out of the bed

LUX UNDERCOVER SE

- Factory painted
- Low-profile
- Concealed hinge
- Weather tight
- Lighted
- Lockable

Factory Painted

A brand new state-of-the-art paint facility was built with the sole purpose of providing the highest quality and best matching paint finish available.

Lighted

The UnderCover's light shines bright, makes finding your cargo at night much easier. No wiring required for this 3 L.E.D. light - it has its own battery source.

Lockable

Secure, versatile and weatherproof twist-lock allows you to open your cover with or without a key. The UnderCover will protect and secure your valuables.

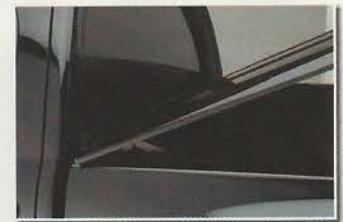

Weather Tight

With the UnderCover's full perimeter seal and perfect fit, your gear will be protected from all elements - rain, sleet or snow.

Low-Profile

The UnderCover LUX SE has been designed to be a low-profile cover and provide a stylish look. Styled ribs, soft corners, contoured edges, and a subtle spoiler give the Undercover LUX SE a custom look.

Concealed Hinge

The new completely concealed hinge provides a tighter fit to your truck bed and allows for a quick no-tool removal.

Don't settle for less. Get the most out of your truck with a BAK Flip, hard folding bed cover

Whether you need your truck for work or fun on the weekends, BAK Flip will do it all! This amazing hard folding cover will let you access your entire bed at a moments notice. You can also accessorize the BAK Flip with a rack, a tool box or many other accessories to optimize every inch of your truck bed.

BAK Flip looks great with a custom flush fit design

BAK Flip folds open easily and secures in place for loading

BAK Box mounts under the BAK Flip and can fold away for more bed access

BAK Flip CS incorporates a 500 lb rack to load long objects overhead

BAK Flip locks with the tailgate

BAK Flip can un-bolt by hand for removal

BAK Flip works with OEM and aftermarket accessories like track systems, tool boxes, bed rail bars, tie downs, heavy duty racks & more...

ProCaps

Add a set of custom fit bed caps to protect your paint and finish off your tonneau cover install.

When it comes to retractable hard tonneau covers the Roll BAK gives you the most rugged roll top surface you can buy. Made from rust proof aluminum and powder coated with a wrinkle finish, the Roll BAK will last the life of your truck and look great! This cover is an easy bolt on installation and works with ease. Roll BAK is perfect for your Ram truck and strong enough for all your contractor and towing needs.

BEDRUG

BEDTRED PRO SERIES

Heavy-Duty Protection

BedTred Outperforms Spray-In/Drop-In Liners

Get the look of a spray in bedliner without damaging your truck bed finish. BedTred offers features superior to any spray-in liner, including dent and cargo protection, quick and easy install, and a lifetime warranty. The textured, anti-skid surface is UV-resistant and surpasses any other liner on the market today.

BEDRUG MAT

VERSATILE BED PROTECTION

Durable and Convenient: Same great construction as BedRug Liner in a convenient BedMat style.

Works with other liners: Available for Drop-in and non-liner/Spray-in applications.

Optional Tailgate Mat: Tailgate Mat is sold separately.

Tougher Than Your Truck

100% Plastic Liner: Durable bed protection that looks and feels like carpet. Will not absorb water!

Ultimate Bed Protection: Keeps cargo from shifting and provides impact and scratch protection for the truck bed.

Great Looks: Vehicle-specific contour fit. 3/4" ribbed foam backing molds to the shape of the truck bed.

Hitch Mount Step

- Allows you to gain easy access to luggage racks, Truck beds, or SUV interior
- Fits all standard 1.5" and 2" hitch receivers
- Available with or without light

YAKIMA®

SkyBox 16

- The new lid is 50% stiffer than our other boxes, so it vibrates less and is easier to open and shut one-handed
- New lid shape is easy to grab onto, even if you have particularly clumsy meathooks
- Super Latch Security ensures your lid is secure to its base and your stuff is safer than Fort Knox
- Quick-installation mounting hardware fits car rack systems with round, square, and most factory crossbars
- New aerodynamic shape reduces wind drag
- Fits crossbar spreads as short as 24"
- Integrated track system for accessories like a cargo net or base pad

Part No. 8007178

- SKS locks included standard
- Matte, stealth anti-scratch finish
- 16 cubic feet (81" x 36" x 15")

SpareTime

- The SpareTime bike carrier is quick and easy to install, with both centered and off-center mounting
- 2-bike capacity
- Universal mounting plate with extension fits most lug patterns
- Mounting knob is SKS-lockable to hub for added security
- Anti-sway cradles eliminate bike-to-bike contact
- Arms fold down when not in use
- Comes with two integrated bottle openers (perfect for double-fisting or sharing beverages with friends)
- Durable powder-coated steel construction
- Locking cable included

Part No. 8002598

Cargo Carriers and Accessories

- Hitch-mounted design for quick install
- 500 lb. distributed load capacity
- Fits into standard 2" receiver hitch
- Folding model folds up when not in use

Part No.	Description
601010	Cargo Carrier 20" x 60" Non-Folding
601001	Cargo Carrier 21" x 61" Folding
601007	Cargo Net Tie-Down

**PowerPlant™
Dual Force HD**

**For Tradesmen, Farmers,
& Ranchers**

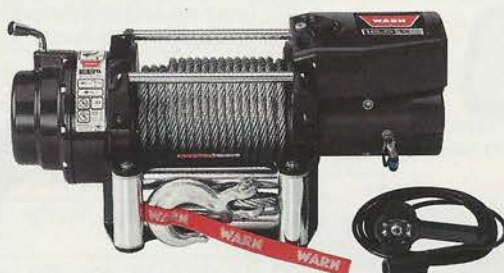

- A powerful air compressor combined with a high-duty winch lets you get more done in less time
- 1/2 gallon high-flow on-board air reservoir with intercooler
- Runs air tools such as nail guns and impact wrenches, so there's no need to lug a large, cumbersome air compressor to the jobsite
- 12,000 lb. pulling capacity
- Hand-held control with thermometric LED

Part No. 71801

16.5ti Thermometric Winch

- 16,500 lb. capacity - the most powerful on the market
- Thermometric sensor alerts you to motor temperature
- More efficient solenoid layout saves energy
- Includes 90' of 7/16" wire rope

Part No. 68801

9.5XP Extreme Performance Winch

- 9,500 lb.
- The fastest line speed under load and longest duty cycle of any Warn winch
- Water and corrosion resistant
- Includes 125' of 5/16" wire rope

Part No. 68500

9.5CTI

The Newest Addition To The WARN® Ultimate Performance Winch Lineup

- Contactor Equipped, Thermometric
- New contactor control features exceptional durability, extra-long life, and superior weather sealing
- 9,500 lbs. of pulling capacity, fast line speeds, and long duty cycles.
- Comes with 125 ft. of 5/16" wire rope, hook, remote control on 12' lead, and roller fairlead

Part No. 97550

Part No. 76080

Wireless Winch Control

Operate your winch with no strings (or wires) attached

- Operate your truck's winch remotely from up to 50' away
- The system will work with any WARN winch with 5-wire electrical system
- For easy installation, the Wireless Control System comes with a receiver with an internal antenna, and all of the necessary mounting hardware is included
- Weatherproof transmitter has two large buttons that make it easy to operate, even while wearing gloves, and its two-color LED provides operator feedback

Heavy-Duty Accessory Kit

- For winches up to 15,000 lbs.
- Snatch block, tree protector, shackle, gloves, choker chain, 3"x30' (76.2mm x 9.14m) Recovery Strap

Baja ATZ™ Plus

Work Trucks

Built for highway and light off-road use, the Baja ATZ Plus is a great choice for your work truck or daily drive. The ATZ Plus is mud and snow rated for all-season traction, gives you a smooth, quiet ride and high mileage all while delivering legendary Mickey Thompson performance!

Baja STZ™

Light Truck and SUV

The Baja STZ offers excellent steering response, superior grip, and great all-weather traction, making it the perfect choice for work, play, or sportsman applications. It's also got an aggressive tread design, variable density nylon overwraps, serrated tie bars and shoulder scallops, and strategic siping for improved stability, long wear, and traction in wet or icy conditions.

Radial F-C II

With its unique "hybrid" design between an all-terrain and mud terrain, the **Dick Cepek Radial F-C II** has proven to be a real "any terrain" radial. This is one tough tire! Available in a wide selection of traditional and specialty light truck sizes for almost any on or off-road application.

Mud Country

The **Dick Cepek Mud Country** is one tough tire, on or off-road! Featuring the latest in radial tire technology including segmented molds for uniformity, 3-ply sidewalls for puncture-resistant off-road driving and excellent towing capabilities, plus spiral-wound nylon overwraps for high performance handling characteristics and a wide footprint for stability and good looks!

Xtreme A/T

Features:

- Directional tread design for superior on- and off-road traction
- Massive shoulder lugs for better traction and durability, especially under high loads and speed
- Full-length elliptical siping for enhanced wet and snow capability
- Tri-ply construction for greater sidewall puncture resistance
- Spiral nylon overwrap for better stability
- 40,000 Mile Treadwear Warranty

40000
Mile Treadwear Warranty

The Pro Comp Radial Xtreme A/T feature an aggressive directional tread design that combines superior on- and off-road performance, minimal road noise and a 40,000 Mile Treadwear Warranty. State-of-the-art Tri-ply construction provides greater puncture resistance in the sidewall while two steel belts and a spiral-wound nylon overwrap offer better stability and load carrying ability at highway speeds. The Pro Comp Xtreme A/T is ideally suited for heavy-duty applications.

Lowering/Leveling/Load Support

Air Lift's heaviest-rated kits for hauling and towing heavy loads. Engineered and built with reinforced rubber bellows and end caps made of ultra high-strength Zytel® nylon (it's strong as steel but weighs less and is corrosion-proof)

- Up to 5,000 pounds of leveling capacity*
- Air adjustable from 5 to 100 psi for maximum comfort/support
- Lifetime Warranty

57000 Series

Keep your truck, van or SUV level and riding comfortably when hauling or towing.

- Up to 2,000 pounds of leveling capacity*
- Lifetime Warranty

59500 Series

*Never exceed manufacturer's Gross Vehicle Weight Rating

Firestone

Reinforced double convoluted air springs install between the frame and the axle.

- Supports up to 5,000 lbs. per set

Innovative tapered air springs install between the frame and the axle.

- Supports up to 3,000 lbs. per set

SES Kits

Suspension Enhancement Systems

- Timbren Suspension Kits (SES Kits) are designed to enhance the suspension of your vehicle
- Easiest to Use: Rubber cushions absorb road shocks and automatically adjust to uneven loads or road conditions
- Easiest to Maintain: There are no airlines or fittings to allow leaks. Simply bolt the kit on and you are set for a lifetime of trouble free suspension
- Easiest to Install: There are no holes to drill, no airlines to route, and SES Kits can be installed in a matter of minutes using basic hand tools

GROUND FORCE

Ground Force takes the guess work out of lowering your truck or SUV. One part number gives all the components you need to lower your ride. Every component in these kits are matched to achieve the customized effect you're looking for.

Complete Tuned Lowering Systems

- All kits include (4) High-Pressure Gas Shocks
- All kits are 2WD unless noted 4WD
- All kits are bolt-on

Front Height Adjustable Leveling Shocks

- Levels out the front end of pickups and SUVs with O.E. coilover suspensions
- Multiple snap-ring grooves on the shock body allow different spring seat positions providing 0" to 2.75" of front end lift, depending on application
- Rear non-height adjustable 5100 Series shocks also available for the complete performance package.

5100 Series

Gas-Magnum

- Designed specifically for hard-working mid to full size pick-ups and vans
- The largest shock in the industry provides greater oil capacity, allowing superior heat dissipation
- Provide firm control without a harsh ride

The Pro Comp Dodge suspension systems are the best choice for Dodge owners who want a more aggressive stance and off-road performance, but still want to retain factory-like on road handling and towing ability.

2009-2012 Dodge Ram 2500 6" Suspension

3" and 5" Systems also available

09-12 Dodge Ram 1500 6" Suspension

6" systems for 09-12 Dodge Ram 1500 4WD with multilink rear coil suspension. Compatible with Electronic Stability Program (ESP). Stage II systems feature MX2.75c Series coilover front shocks and MX-6 way adjustable rear shocks for outstanding ride comfort and handling. Stage I systems are available with front strut spacer and ES9000 rear shock absorbers to deliver factory ride quality. Clear's 35" tires

K2075B W/ ES Series K2075 W/MX6

07-11 Dodge Ram 2500 6" Long Arm

All new 6" Long Arm suspension system for the 2007- 2011 Dodge Ram 2500/ 3500 Diesel 4WD. This Long Arm system is available with your choice of ES9000, MX6, MX2.75R or FOX series shocks. 6" of lift allows use of 37" x 13.50" tires, on wheels up to 9" wide with up to 4.625" of backspacing.

Rancho offers the industry's most complete line of performance shock coverage.

RS7000MT™ Shock Absorbers

- Monotube design with high pressure nitrogen gas charge
- Brushed and Zinc plated with a clear-coated finish
- Ten stage velocity sensitive valving
- 14 mm Chrome rod
- Black natural rubber bushings
- Protective boot included
- Limited Lifetime Warranty
- 90-day free ride offer

RS7000 Series

10-12 Ram 2500/3500

- New heavy-duty tubular-style front links
- Aligns to OE specifications - all alignment hardware provided
- Rear leaf spring blocks
- CAD designed components ensure a precise fit
- New forged pitman arm
- Front track bar relocation bracket

Part No. RS6578B
(Must order shocks separately)

09-11 Ram 1500 4WD

- One-piece reinforced subframe, made from high-strength low-alloy steel
- Will not affect ESC system
- Maintains factory location of rack and pinion
- CNC-machined extended steering knuckles
- Allows for use of stock wheels
- Aligns to OE specs

Part No. RS6587B
Must order shocks RS5810 (quantity 2) and RS5369 (quantity 2).

09-10 2500/3500 4WD

- Maintains proper driveshaft angles, minimizing vibrations
- New forged Pitman arm
- Aligns to OS specs
- Rear lift blocks
- Allows for reuse of stock tires

Part No. RS6585B
Must order shocks separately.

For Shocks See Page 41.

09-11 Ram 1500 4" & 6" Lifts

6" lift system for the 2009 Dodge 1500 features 3/16" sturdy steel brackets laser cut and jig welded for a precise and consistent fit. A super strong 1/4" steel skid plate ties the crossmembers together for superior strength. The Superlift design does not increase the front track width or require a replacement driveshaft. The system is packaged (Dodge 1500 pictured) complete with everything needed for a quick and simple installation.

Part No. K114 - 4" 09-11 Dodge DS Standard Knuckle

Part No. K116 - 6" 09-11 Dodge DS Standard Knuckle

10-12 Ram 2500 Heavy Duty

4" Suspension Systems

The 4" system, in addition to new engine-specific coils, includes a dropped pitman arm for steering correction, specially designed compression travel stops for the front and rear axles, a new track bar relocation bracket, and all new axle-to-frame link arms to restore factory alignment specifications. Lift blocks raise the rear four inches to negate most of the factory nose-down stance. The factory rear springs are well-designed units so axle wrap-up is generally not a problem.

Part No.	Application
K964	10-12 Ram 2500HD, Gas Engine
K964B	10-12 Ram 2500HD, Gas Engine, w/Bilstein Shocks
K965	10-12 Ram 2500HD, Diesel Engine
K965B	10-12 Ram 2500HD, Diesel Engine, w/Bilstein Shocks

10-12 Ram 2500 Heavy Duty

6" Suspension Systems

The 6" system, in addition to new engine-specific coils, includes a dropped pitman arm for steering correction, specially designed compression travel stops for the front and rear axles, a new track bar relocation bracket, and all new axle-to-frame link arms to restore factory alignment specifications. Lift blocks raise the rear four inches to negate most of the factory nose-down stance. The factory rear springs are well-designed units so axle wrap-up is generally not a problem.

Part No.	Application
K966	10-12 Ram 2500HD, Gas Engine

K967B	10-12 Ram 2500HD, Diesel Engine, w/Bilstein Shocks

09-12 Ram 2500 2500/3500 4" & 6" Lifts

Superlift's 4" and 6" HD lift systems include a new, replacement pitman arm to reduce drag link angle.

- The 4" system also includes a dropped pitman arm for steering correction, specially designed compression travel stops for the front and rear axles, a new track bar relocation bracket, and all new axle-to-frame link arms to restore factory alignment specifications
- The 6" system is basically a taller version of the 4" lift. As with the 4" lift, the 6" is available with standard one-piece front axle-to-frame links, or with Rockrunner swivel links
- Coil springs are pre-set to minimize settling
- Brackets constructed from .25" thick plate steel
- Track bar relocation bracket prevents stud bind and steering wheel kick
- Pitman arm relieves drag link angle to prevent bump steer / wandering

Part No. K940 - 4" 2009 Dodge Diesel

Part No. K937 - 6" 2009 Dodge Diesel

Part No. K965 - 4" 10-12 Dodge Diesel

Part No. K967 - 6" 10-12 Dodge Diesel

06-07 Ram 2500/3500 6" Lift Kit

- Different rated front coils for Hemi and heavier diesel
- Coil springs are pre-set to minimize settling
- Track bar relocation bracket prevents stud bind and steering wheel kick
- Pitman arm relieves drag link angle to prevent bump steer/wandering
- Heavy-duty replacement lower links maintain desired caster angle
- New urethane front, and relocated rear, compression travel stops
- New anti-sway bar end links prevents bar pre-load

Part No. K823 - Diesel 5.9 cummins

03-08 Ram 2500/3500 4" Lift

The 4" system, in addition to new engine specific coils, includes a dropped pitman arm for steering correction, specially designed compression travel stops for the front and rear axles, a new track bar relocation bracket, and all new axle-to-frame link arms to restore factory alignment specifications

- Coil springs are pre-set to minimize settling
- Brackets constructed from .25"-thick plate steel
- Track bar relocation bracket prevents stud bind and steering wheel kick
- Pitman arm relieves drag link angle to prevent bump steer / wandering
- Heavy-duty replacement lower links maintain desired caster angle and feature greasable urethane bushings

Part No. K832

06-08 Dodge Ram 1500 4WD

6" Basic System w/ Performance Shocks

Our 6" Basic Systems include steel coilover shock spacers that utilize the stock front coilover shocks for a factory like ride. This system uses our proven IFS technology with extended length ductile iron steering knuckles and arched crossmembers for exceptional suspension ground clearance with a 1/4" thick differential skid plate, impact struts, heavy duty tie rods, and rear add-a-leaves.

Use 35/12.50R18 tires w/ 18x9 wheels w/ 4-1/2" BS w/ minor trimming

Use 35/12.50R20 tires w/ 20x10 wheels w/ 4-1/2" BS w/ minor trimming

Part No.	Description	Qty.

FTS7240	Performance Rear Shocks	2

09-11 Dodge Ram 1500 4WD

6" Basic System w/Performance Shocks

Our new Dodge 1500 6" system features Fabtech's proven IFS technology with extended length steering knuckles for proper factory electronic stability control functionality. Heavy duty 1/4" thick steel lower control arm crossmembers provide superior ground clearance while the integrated front differential skid plate adds protection to the drivetrain.

In the Basic system lift is accomplished via a steel coilover shock spacer system retaining the stock ride characteristics of the vehicle.

Rear lift is accomplished with replacement performance coil springs along with new upper and lower link arms for the proper pinion angle.

Use 325/65R18 tires w/ 18x9 wheels w/ 4 1/2" BS w/ minor trimming

Use 35/12.50R20 tires w/ 20x10 wheels w/ 4 1/2" BS w/ minor trimming

Uniball Upper Control Arm Kits

- Uniball Upper Control Arm Kits
- Correct uniball angle for lifted applications
- Tab and slot boxed plate design increases overall strength and durability
- Teflon® lined 1" uniball for the outer pivot - No Squeaking!
- Increased wheel travel over stock (with shock upgrade)
- Can be used on a truck with leveling kit or lift kit
- Tough Metallic gray powder-coat
- No modifications required to install

Part No. 441000 - 09-12 Ram 1500 2/4WD

Heavy Duty Steering Kits

- Strongest Steering Kit- Tie Rod Assembly on the market for your truck!
- Ideal for off-road use and when running larger, heavier wheels and tires
- Easy to install, no modifications required!
- 17-4 Stainless CNC machined inner clevis for maximum strength
- Made In The U.S.A.

Part No. 381000 - 09-12 Ram 1500 2/4WD

T6 Billet Leveling Kits

Level your truck with Style, Fit, and Function for larger tires and wheels. ReadyLIFT® T6 Billet Suspension leveling kits are Made in the USA using only premium 6061-T6 aircraft billet aluminum and include 10.9 rated mounting hardware and associated kit parts to get the leveling lift job done right with super cool looks! ReadyLIFT® leveling kits are direct bolt-on applications maintaining the factory ride and factory alignment specifications. No cutting or drilling is required when installing our new T6 Billet kits. The ReadyLIFT® line of stylish leveling kits are now available in a tough anodized Black, Silver, Blue, and Red finish and are laser etched with our ReadyLIFT® Suspension logo. The T6 Billet line is the Ultimate in looks and leveling functionality!

Universal Shock Mounts

- Perfect for customizing shock mounts or adding an extra shock absorber
- Mounts work with nearly any standard aftermarket shock
- Made from high-quality domestic steel

Part No. SM2100

Performance Brake Rotors

Brightly plated - Power Slot brake rotors eliminate rusty rotor syndrome, enhance custom wheel appearance, and are a safer, more efficient alternative to crack-prone cross-drilling. Developed to beat the challenges of high-performance driving and severe-duty brake demands, Power Slot rotors run cooler, extend brake life, and significantly improve wet and dry brake performance.

DYNOMAX Performance Exhaust

Thrush® Mad Hot

- Tri-flow design enhances flow and performance
- Fully aluminized construction for long life
- High gloss red powder-coat finish
- 14" long, 4.25" x 9.75" oval case
- Reversible for maximum flexibility

Part No.	Description	Part No.	Description
17931	2.25" Side/Center	17934	2.5" Side/Side
17932	2.25" Side/Side	17935	3" Side/Center
17933	2.5" Side/Center	17936	3" Side/Side

Tech Tip

Changing out to an aftermarket exhaust system allows the exhaust fumes from your truck to flow easier to alleviate backpressure, which increases horsepower, torque, and fuel economy.

GIBSON PERFORMANCE EXHAUST SYSTEMS

Includes:

- Aluminized mandrel-bent tubing
- Aluminized fully-welded Gibson Superflow muffler
- Stainless steel tip
- Installs easily using OE hangers

Tech Tip

Programmers allow you to modify your computer system and alter it to various settings including: Gear settings, tire size, fuel settings, Rev limiter, and so on. Programmers also Increase horsepower, torque, and fuel economy.

DIABLOSPORT® GASOLINE AND DIESEL TUNING SYSTEMS

intune®

The DiabloSport inTune is the next generation of tuning tools, a total revolution in the tuning industry. The inTune contains innovative features not available anywhere else.

- Least expensive full color touchscreen available USB connectivity
- Easy to use
- Free automatic updater
- Removable cables
- External sensor inputs
- One part number for all applications, including gas and diesel
- Virtually no limit to the amount of custom tunes the inTune can hold
- Most adjustable parameters in the market
- Preloaded with multiple "canned" tunes for increased HP, TQ and MPG
- Designed, engineered and manufactured in the USA

Part No. I1000

Superchips

Superchips VIVID LINQ

Superchips VIVID LINQ is the only tuning device in the industry designed to work with Android™ OS smartphones. LINQ is available for nearly 1,000 vehicle applications including most popular truck, performance car, and SUV's produced in the last decade. LINQ is a Bluetooth wireless vehicle tuning interface that turns your phone into a performance tuner, diagnostic trouble code tool, PID reader, driving coach, or virtual dash board with the touch of the phone screen. Combine your Android phone with LINQ for an affordable yet advanced vehicle tuning experience!

Features
Android™ Technology!

Part No. 138650 - 03-10 Dodge Gas Vehicles

EDGE PRODUCTS

Evolution CS and CTS

- Multiple power levels for mileage, towing, and performance
- Full-color, high-resolution, button-controlled 2.4 inch screen (CS) or 4.3 inch touch screen (CTS)
- Compatible with optional EGT pyrometer for engine protection
- Internet updateable (cable included)
- Displays and clears Diagnostic Trouble Codes
- Displays Alerts and Records such as RPM, MPH, and EGT
- 0-60 and Quarter-Mile performance test with drag-strip, Christmas-tree lighting (Graphs speed and time on screen)
- Displays up to 8 parameters at a time in digital display mode
- Monitors and displays Diesel Particulate Filter (DPF) status on new emission diesel trucks

HYPERTECH

The World Leader In High-Performance Engine Tuning Products

Max Energy POWER PROGRAMMER

HyperTech's Max Energy Power Programmer is the "no compromise" performance tuner. HyperTech delivers maximum power and performance for regular and premium octane, the potential for improved MPG, proper transmission shifting, and many other adjustable features so you can customize your vehicle exactly the way you want in just minutes.

Max Energy E-CON ECONOMY POWER PROGRAMMER

The Max Energy E-CON™ economy Power Programmer extracts every bit of energy possible of every molecule of fuel for better MPG and more power at wide open throttle.

Water/Methanol Injection Kit

AEM Water/Methanol Injection Kits reduce air inlet temperatures which allows users to increase boost pressure (and advance timing on forced induction gas applications) to create more power by utilizing the cooling effects of the system under heavy load.

Kits include all the elements necessary to do water/methanol injection right, including a standard fluid level sensor for the tank, recirculation-style pump, feature-loaded controller, and complete hardware for installation on practically any diesel application.

Part No.	Description
303001	Water Injection Kit, 5 Gallon
303002	H2O Pump And Jet Kit

Digital Power Manager

This new Digital Power Manager protects the main battery from being discharged under heavy or sustained loads. The DPM will sense when the load is large enough on the main battery and automatically add the auxiliary battery in parallel for added power.

Part No. 40120

BULLY DOG
#1 IN PERFORMANCE

Triple Dog GT

The Triple Dog GT is an all in one downloader, monitor and tuning device. The GT Gas and GT Diesel both feature multiple power settings with the ability to adjust drivetrain and user settings. In addition, the GT line features all of the same gauge/monitoring functions as well as the advanced Driving Coach software aiding drivers in maximizing their fuel economy.

Part No. 40410 — Triple Dog GT Gas
Part No. 40420 — Triple Dog GT Diesel

Performance Management Tool (PMT)

The Performance Management Tool™ or PMT™ is the premier performance product available on the market today; this state-of-the-art unit performs as an in-cab downloader, controller, monitor and gauge packaged into one unit. The PMT offers on-the-fly adjustable horsepower programs and the most comprehensive list of vehicle monitoring options in the market.

Late Model Blaster Coils for Hemi Engines

Fire up your late model Hemi with a set of MSD's Blaster Coils. The Coils are a direct bolt-in and are spec'd with superior materials and winding ratios to improve the output of the coil while retaining the factory fit.

Blaster Hemi Coils, 8-Packs

Part No. 82568 — Early Model, '03-'05
Part No. 82558 — Late Model, '06-'08

RedTop® Battery

- Zero maintenance
- Advanced SPIRALCELL® design
- 800 cold cranking amps

Part No. 3478

Guaranteed Horsepower With K&N Air Intakes

THE WORLD'S FIRST MILLION-MILE LIMITED WARRANTY

High-Flow Kits

- Increases horsepower
- Washable/Reusable
- Provides superior filtering
- Improves throttle response

Exclusive parabolic chamber shape with directional baffle creates a cushion of air that smooths air turn into throttle body.

Directional funnel increases air speed and smooths air flow.

Isolated cold-air chamber with 360° K&N air filter provides 26% more air flow over stock air box.

Washable/Reusable K&N Air Filter.

Easy installation, all mounting hardware provided.

Heat-resistant materials keeps air inside tube cooler than metal tubes.

Recharger Filter Care Service Kit

A six-step maintenance system designed to recharge any K&N Filtercharger® Air Filter. Restores air flow efficiency so your Filtercharger performs like new! Includes Oil, 12 oz. Filter Cleaner, and Service Decal.

Part No. 995000 - Kit with 6.5 oz. Aerosol Oil

Part No. 995050 - Kit with 8 oz. Squeeze Bottle Oil

Tech Tip

Original air intakes tend to be restrictive, which sacrifices engine power. Upgrading to a cold air intake will allow for more air to enter your engine, which increases the breathing capability and adds horsepower, torque, and fuel economy to your truck.

The Performance Intake Company

Air Intake Systems

- Easy bolt-on installation
- Washable, reusable hi-flow filter
- Filtration down to 2 microns
- Lifetime "No-Hassle" Warranty
- Improved horsepower, torque, and fuel efficiency

- Part No. 300165 – 05-10 Dakota 3.7/4.7L, Quick Fit
- Part No. 300151 – 00-04 Dakota, 00-03 Durango 4.7L, Quick Fit
- Part No. 300237 – 09-12 Ram 1500/2500/3500 5.7L, MXP Series w/Intake Tube
