Electrically powered running board hides stealthily underneath your truck when doors are closed and extends down to meet your foot when door opens.

- **SMARTER:** The result of relentless, continuous improvement and ongoing testing, PowerBoard NX is refined: stronger, and with our new wireless connections, just plain smarter.
- **EASIER :** Installation just got quicker, and far easier: no more removing door panels, or even touching the interior of the truck.
- **SIMPLER:** Wireless door transmitters mean less wiring, no connecting to vehicle's complicated wiring harness. Self-contained system makes it all so much simpler.

C80114WC	F-150 standard cab short bed
C80115WC	F-150 standard cab long bed
C80118WC	F-150/250 extended cab short bed

Kimberly-Clark

Speed Grille™ Inserts (OEM Main & Valance Grilles)

- Easy to install - most applications require no cutting
- European style for a clean and unique look
- No screws or drilling. Easy patent pending clips are included for installation
- Available for both upper main grille & lower valance areas

Part No.	Year	Application
95078767	08-10	Super Duty lower valance/bumper grille Super Duty all models
95078770	06-08	F-150 and SuperCrew-1 piece opening with round lights in bumper
95078585	04-08	F-150 and SuperCrew-custom grille shell w/driving lights in center

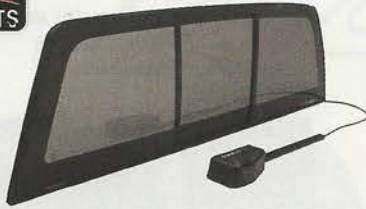

More Applications Available

Electric POWR-Slider

- POWR-Slider gives open and close push button convenience
- Automatically locks in position when the switch is released
- Just touch the switch and POWR-Slider opens and closes quietly and smoothly every time

Part No. EPC915S

Manual Tri-Vent

- Fits cab without modifications original equipment 3-panel design
- Solar privacy glass
- Slim line frame provides greatest visibility

Part No. ECT915S

Ball Mount Hitch Light

- Mounts easily onto any 2" ball mount securely
- No need to remove when towing
- Lights up in reverse or manually by built-in switch
- Complete with wiring harness and a quick-connect plug

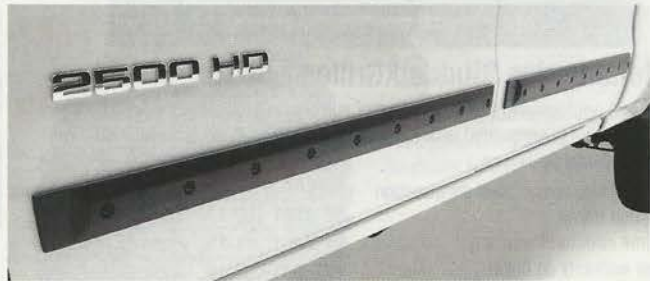

Part No. CR607

Bolt-On Look Side Molding

- Textured black finish
- Made from durable ABS Plastic
- Tape-On installation
- No drilling required

Part No. 991574 - 09-14 F-150

BILLET CANDY FOR YOUR RIDE

Side Window Covers - Flames

Part No. V3931K - 97-03 F-150

- Custom formed ABS plastic
- Easy to install
- Easy to paint--guaranteed fit

Side Window Covers - Ovals

Part No. V3255K - 99-14 F-250/350 Super Duty

- Exclusive "rolled edge" trim for perfect fit and finish
- Covers mount in seconds with 3M™ OEM tape Or 3M™ dual lock
- Easy to paint

"Flames" Taillight Covers

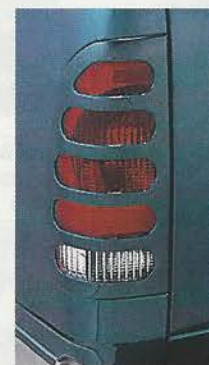

Part No. V2975K - 04-08 Ford F-150

Part No. V2987K - 08-15 Ford F-250 Super Duty

These covers offer stylish flames and feature a flush fit and rolled edge for a smooth, finished look. They install in seconds, and the black finish can be painted as custom as imaginations allow.

"Originals" Taillight Covers

The "Originals" have larger, more symmetrical slots and are vacuum-formed for rolled edges and a seamless finish.

OSRAM SYLVANIA

Silverstar Ultra

The ultimate choice for professionals and do-it-yourselfers who want and/or need to provide the whitest and brightest automotive lighting option possible.

Features:

- 4100K
- The whitest and brightest headlight currently available
- Up to 40% increased down-road visibility
- Increases side-road (peripheral) visibility by approximately 50%
- Up to 50% brighter light
- Installs as easily as standard halogen bulbs

LED Third Brake Light Bar

- Low-profile design is almost invisible when off
- High-intensity LEDs clearly indicate brake, turn signal, and reverse

Part No.	Description
960134	60" brake light and directionals
960135	49" brake light and directionals
960136	60" brake light, directionals and reverse
960137	49" brake light, directionals and reverse

Smart Hitch Backup Camera

- Easily align hitch ball to the trailer coupler every time
- No splicing! Plugs in behind the tow package connector, retaining electrical functions at the rear of the vehicle
- Large, 3.5" color monitor with static free image

Part No. 50002

In Seconds!

83XXX Series

e·MAX

TONNO

Maximum Access When You Need It

eMax is the only soft-folding cover that folds up at the front of the truck bed to offer access to 100% of the bed interior.

Effortless Installation

eMax installs in minutes, and whether it's open to full capacity or closed, remains hassle free and good looking.

Reliable Security

eMax uses our patented Secure Shut latching system to keep the cover steady and cargo protected.

Extang Engineered

eMax is based on the number one selling Trifecta platform, featuring the same superior components: Speed and Safety Klamps, MaxHinges and WeatherTuff Seals.

ENCORE

TONNO

Low Profile Folding Hard Lid Tonneau

- The first 3-panel hard folding cover that provides both front panel opening and rear fold-up. The wider panel openings are more convenient for storing and unloading cargo.
- Ultra-tough 1" thick panels made of FRP (fiberglass reinforced plastic), provides superior dent and fade resistance, with the strongest aluminum frame available.

62XXX Series

TONNO TONIC

- UV protectant formulated for Extang's tonneau covers
- Can be used to clean any vinyl, rubber, fiberglass, or leather

Part No. 1180

e·LIGHT 500

EXTANG.COM

The first battery rechargeable truck bed utility light that's blindingly bright! Over 500 Lumens in a single light bar that mounts anywhere and recharges your truck.

Part No. 415 - single unit

MAXSEAL

TAILGATE SEAL

- Creates a tight seal along sides and bottom of your tailgate
- Just cut, peel, and stick
- Universal length fits all makes and models

Part No. 1140

TRUXEDO

TONNEAU COVERS

Rolling Slats: aluminum slats are linked together and Bonded to a UV resistant, industrial quality leather-grain fabric creating a unique cover of superior strength and Truxedo's Signature low profile look.

Low Profile Design: Mounted inside the rail, the Titanium sits lower than 3/4" above the truck bed.

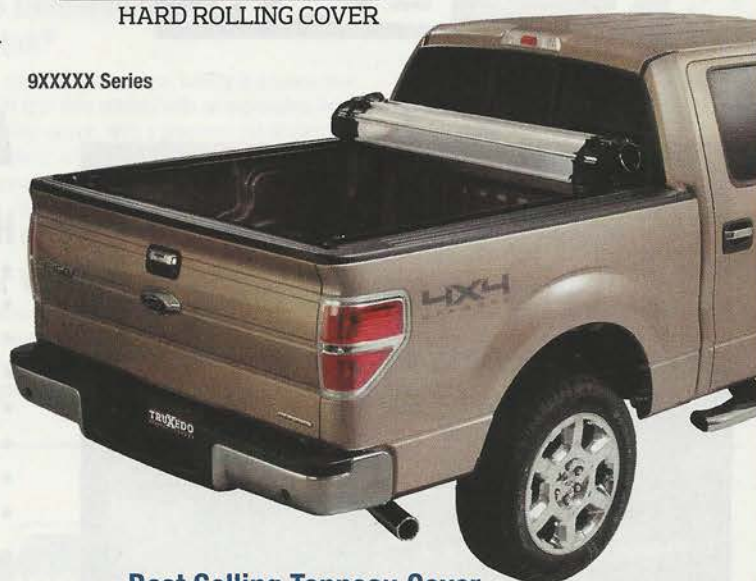

Easy Installation and Operation: It's simple to operate, utilizing a single Quick Latch to release. When closed, the Titanium offers superior durability and protection.

TITANIUM

HARD ROLLING COVER

9XXXX Series

TRUCK BED

LO PRO

AMERICA'S #1 SELLING ROLL-UP TONNEAU

54XXXX Series

Best Selling Tonneau Cover in North America

Low-Profile Design

Great looks and premium features makes the Lo Pro QT the best selling cover on the market.

Easy Installation and Use

Installs in minutes with pre-assembled, quick attach cover system. Bows conveniently roll up within cover for easy storage.

Automatic Tension Control

Patented spring tensioner self-adjusts to keep the cover tight in fluctuating temperatures. Great looks in any climate!

Free-Floating Hook and Loop System

Industrial strength hook slides within the rail and works with the tension control system to maintain a perfect fit at all times.

DEVCE

74XXXX Series

2 is Better Than 1

Great Combination: Only cover with front of bed entry, plus rolls completely open from the rear to haul large items.

Front Release Latch: Front hinged section allows for easy access to TonneauMate and cargo at the front of the bed.

Sleek, Low Profile Appearance: Sits lower than 3/4" above truck bed. Improves the appearance of any truck.

Automatic Tension Control: Built into hinge and self-adjusts to keep the cover tight in fluctuating temperatures.

B-light BATTERY POWERED TRUCK BED LIGHTING SYSTEM

- Uses LED technology
- Illuminates entire bed with just one switch
- Works with all trucks
- Fast and easy installation

Tested. Trusted. Guaranteed.

BOLT® Lock Cylinder: No need to worry about carrying an extra key; this lock can be custom matched to the truck's ignition key. Our new handle is easy to use, ergonomically correct, and the OE design matches the look of the new trucks.

Lanyard: Handy tool allows you to easily access cargo that is just out of reach, and when not in use, it stores neatly out of the way. The new light is 3 times as bright as the original and it is removable! Slide the release to remove the light, fold out the hook to hang it, use the magnet to stick it. ABS composite material and the X-Effect structure on the underside gives it incredible strength and durability.

Part No.	Application
2138	09-14 F-150 Std./Ext./Crew Cab, 6.5' Short Bed

Storage: The Swing Case provides convenient, secure, out of the way storage for your gear.

Padlock loop: For an added measure of security the Swing Case comes with a padlock loop.

Swings out: Provides easy access by swinging out over the tailgate. No reaching!

Strong: With just over 1.5 cubic feet of storage and a weight rating of 75 pounds, you can squeeze a lot of gear into this handy little tool box.

Lockable: The secure, versatile, twist-lock allows you to open your Swing Case with or without a key.

Out of the way: The Swing Case mounts up out of the way allowing full use of the truck bed. 2" clearance. The Swing Case does not interfere with hauling plywood and other sheet materials.

OE Series
PullRite gives you options!

- PullRite introduces two new Super 5th hitches designed to fit the Original Equipment mounting holes in your bed!
- No assembly for each pre-adjusted mounting post. 1/6 rotation adjustments allow fine post adjustments, if ever needed
 - Posts install or remove individually, requiring no grouped alignment. No lifting required for placement or removal over sockets
 - Fully removable posts enable sliding hitch on truck bed with no damage

Part No. 1300 - 18K
Part No. 1400 - 25K
Part No. 4435 - 20K OE Ford SG Prep Kit

ISR Series

Gives you the safety, comfort, and strength you expect from PullRite. With a four-way articulating hitch plate and multiple height adjustments, Super 5th is the only hitch you need for worry free towing. Three different weight rating options means you can get the right hitch for the job, even when towing the big loads. Made to fit industry standard rails, you can replace your current hitch with an American made product, or install it fresh with PullRite's new fully removable ISR SuperRails for a clean bed when not towing.

Innovation in Motion™
from Lund International™

BedXtender HD™ Max

- Classic u-shape design instantly adds up to 2 feet of length to your truck bed
- Durable black or silver powder coat finish

Part No. 7481300A - 04-15 F-150

BedXtender™ HD Sport

- Tapered v-shape design
- Instantly adds up to 2-feet of length to your truck bed
- Easy assembly and installation

Part No. 7480300A - 04-14 F-150

TopLine

Tailgate 2 Step Tailgate Step

- Designed for those that have difficulty stepping on to the single step unit
- The longer length provides easy access to the step
- Fold ups onto tailgate, and with tail gate up, disappears
- Only uses 4" of cargo space, as opposed to roll-bar version which eliminates a high percentage of truck capacity
- Can only be used on full size pickup trucks

Part No. TS300001 - 2-Step, silver
Part No. TS300002 - 2-Step, black

quarantine

restraints . ltd

Standard Series Pick Up Truck Restraint System

Eliminates unsecured cargo and prevents:

- Accidents, tickets and fines
- Connect tie-down straps to all four corners of truck bed and restraint
- DOT & NACSS Compliant

Part No. QSSSBN - Short box net
Part No. QSSLBN - Long box net

WeatherTech®

Extreme Duty Floor Protection FloorLiner™

- Accurately and completely lines the interior carpet, giving "absolute interior protection™"
- Digital laser measurements of interior surfaces offer a consistently perfect fit
- A patent pending High-Density Tri-Extruded (HDTE) material allows for a rigid core for strength while offering surface friction to the carpet, as well as tactile feel to the surface
- Advanced surfacing creates channels that carry fluids and debris to a lower reservoir with further channeling to help minimize fluid movement while driving
- Once fluids become trapped in the reservoir, away from shoes and clothing, they are easily removed
- Part numbers listed are black; for tan change the second digit to 5 and for gray change the second digit to 6

Some makes and models have mounting and assembly restrictions. See in store or manufacturer's catalog for details.

By Carolina Consoles

Full Size Truck Vinyl

- Designed to fit securely in center of truck seat without floor shifters
- Features a cooler box and forward hinging lid with notepad holder
- 11 1/4" H x 12 1/2" W x 27 1/4" D

Part No.	Description
38001200	Black
38001203	Tan
38001205	Gray

- Cuts hazardous windshield glare
- All vent and sensor openings pre-cut
- Protects the dash from sun damage, helping to stop Cracking and warping
- Easy, secure installation

Part No.	Application
18430025	09-14 F-150
7580022	95-03 Explorer, 95-10 Ranger
16090022	04-08 F-150

UVS100 Ultraviolet Shield™

- Foam core center, acts as insulator
- Accordion fold, easy use and storage
- Easy to use, fold down sun visors to hold in place

Part No.	Application
UV11085SV	09-14 F-150
UV11015SV	08-15 F-250, F-350
UV11172SV	11-15 Explorer

Odor Eliminators

Part No.	Description
3213	Auto Shocker
3251	Liquid Shocker

- Hygienically deodorize any vehicle interior up to 300 cu. ft.
- Not a masking agent; Bio-Shock will destroy odor at its source
- Fast acting, will completely eliminate the toughest odors in as little as four hours and a maximum of 24 hours depending on severity
- ClO2 Liquid Shocker is 99.99999% effective, and will deodorize any hard surface, effectively eliminating all odors

Fun Country™

The Fun Country was developed using a unique combination of design elements, technology, and engineering to deliver excellent off-road traction, a quieter ride, and superior durability for today's light trucks and 4x4's.

Mud Country™

The Mud Country features the latest in radial tire technology including segmented molds for uniformity, 3-ply sidewalls for puncture resistant off-road driving and excellent towing capabilities.

Deegan 38 Tire

The new DEEGAN 38 tire from Mickey Thompson, designed in cooperation with racing icon Brian Deegan, is the ultimate all purpose mud terrain tire with aggressive style, performance and great street manners, too.

The Deegan 38 is the perfect choice for truck or Jeep® owners who want the ultimate combination of style, value and performance for extreme sports adventures.

Baja MTZ™

The Baja MTZ has Mickey Thompson's PowerPly™ technology with a special angled third ply to give you high performance handling, better puncture resistance, and improved towing capability.

Baja STZ™

The Baja STZ offers excellent steering response, superior grip, and great all-weather traction making it the perfect choice for work, play, or sportsman applications.

Baja ATZ P3™

The Baja ATZP3 has a unique "hybrid" design between an all-terrain and mud terrain to give you the grip you need for your weekend adventures and the smooth ride to get you down the road in comfort.

Xtreme MT2

No matter if it's hauling heavy loads or exploring rugged terrain, the Xtreme MT2 delivers the toughness and traction needed for the job.

Xtterraim

The Xtterraim's advanced directional tread pattern is designed to provide maximum traction and control both on- and off-road.

ATTURO

TRAIL BLADE M/T

The Atturo Trail Blade M/T is a performance mud terrain tire. The Trail Blade M/T was designed to provide a strong core with excellent traction all wrapped in aggressive style.

TRAIL BLADE X/T

The innovative, new Atturo Trail Blade X/T offers rugged performance and amazing style in a new kind of all-terrain tire for owners of lifted vehicles and modified SUVs. Atturo now offers the aggressive sidewall style of our popular Trail Blade M/T combined with a tread designed for performance on the trail as well as on the road.

TOYO TIRES®

driven to perform®

OPEN COUNTRY R/T

Off-road performance meets on-road comfort with the all-new Open Country R/T. Built rugged for any terrain, this tire offers excellent off-road traction, durable construction and aggressive styling.

OPEN COUNTRY A/T

Pavement is optional with these versatile all-terrain tires. They offer over 40% more treadlife than the leading competitors, a blatantly aggressive tread design, and a quiet ride.

OPEN COUNTRY M/T

The Open Country M/T is designed for full-size pickups driven by enthusiasts who require extra ground clearance, load-carrying capacity and off-road capability with great on-road performance.

SES Kits
Suspension Enhancement Systems

- Timbren Suspension Kits (SES Kits) are designed to enhance the suspension of your vehicle
- **Easiest to Use:** Rubber cushions absorb road shocks and automatically adjust to uneven loads or road conditions
- **Easiest to Maintain:** There are no airlines or fittings to allow leaks. Simply bolt the kit on and you are set for a lifetime of trouble free suspension
- **Easiest to Install:** There are no holes to drill, no airlines to route and SES Kits can be installed in a matter of minutes using basic hand tools

Off-Road MLS Suspension Kit

09-15 Ford F-150 4WD

The industry's first, patent pending, Multi-Lift System (MLS) is a new revolution in the sub-frame/steering knuckle suspension lift market. The overall design and development led by ReadyLIFT[®] Suspension R&D and Jeff Yoder, a leading name in suspension experience and engineering, incorporates several new and exciting features that allow the consumer to fully customize and design their own specific suspension lift kit height, without compromising ride quality, track width, turning radius or other typical fitment flaws inherent with sub-frame/steering knuckle suspension lifts.

Customize the look and stance of your F-150:

Step 1: Choose your front 5", 6", or 7" spacer

Step 2: Choose the rear ride height

level stance, rear high (towing), or front high (prerunner style)

- 5" Front 2" Rear = Level
- 6" Front 3.5" Rear = Level to slightly raked rear
- 7" Front 4" Rear = Level

Step 3: Add the unique steering rack and pinion support/sub-frame drop assembly

Part No. 442157 fits all F-150 trucks from 2009-2014

*Allows the use of factory wheels with up to 35" x 12.5" tire**

Off-Road Suspension (ORS) Multi-Lift System (MLS)

Ford F-150 - ORS/MLS Front Bracket Kits

Made To Fit	2WD / 4WD	Part No.
09-14 F-150 - Multiple Box Kit (4 Boxes)	4WD Only	442157
2015 F-150 - Multiple Box Kit (4 Boxes)	4WD Only	442557

5"-7" Lift Kit System

14-15 F-250 Ford Super Duty 4WD

- CNC formed steel sub-frame assemblies - bolt on installation
- Covered under the ReadyGuard Powertrain Warranty
- Patent Pending steering extension to retain factory steering quality
- Special Plascoat performance polymer alloy long lasting and tough crack and scratch resistant finish
- Exclusive differential drop bracket system to insure correct CV angles
- Extreme duty cast iron steering knuckles designed to retain OEM ball joint and suspension geometry
- Fabricated heavy duty steel 5.0" lift strut extensions allows you to retain your factory front struts
- Max Tire: 37 x 12.50"
- Does NOT increase front track width - Allows for use of OEM wheels

Super Duty SST[®] Lift Kits

ReadyLIFT[®] Suspension Inc. offers an exciting line of mild lift kits. Designed to provide a lifted, but level stance along with clearance for maximum wheel/tire sizes, all while maintaining your factory ride.

Ford Lift Kits and Leveling Kits

Tuff Country has a full line of Ford F150, F-250 and F-350 lift kits and leveling kits. The new 2009-2014 F-150 3" lift kit uses upper control arms and coil spring spacers to lift the front of the vehicle and axle spacer blocks for the rear. Will allow up to 35" diameter tires (with minor trimming). New struts and shocks are not required.

BILSTEIN

5100 Series
Ride-Height Adjustable Shocks

- Levels out the front end of pickups and SUVs with O.E. coilover suspensions
- Multiple snap-ring grooves on the shock body allow different spring seat positions providing 0" to 2.75" of front end lift, depending on application
- Utilizes the vehicle's stock front coil springs

6112 Series
Ultimate Suspension Solution

- Large diameter bore for increased oil capacity and durability
- BILSTEIN's industry leading monotube gas pressure design
- Lighter spring rate paired with heavier 60mm damping provides an extremely compliant ride
- Features high performance springs
- Bolt-in kit features adjustable ride height and includes spring mounting hardware

5160 Series
Stock Location Remote Reservoir Shocks

- Designed to easily install in the stock shock mounting location on pickups and SUVs – no cutting or welding required
- BILSTEIN's industry leading monotube design provides superior heat dissipation
- Unique digressive valving system instantly produces full damping capability
- Remote reservoir dramatically increases shock oil capacity for even greater heat dissipation and damping sensitivity
- Reservoir mounting configuration designed specifically for each vehicle application – no welding required

5100 Series
Shocks for Lifted Trucks and SUVs

- Designed and manufactured specifically for lifted pickups and SUVs
- Monotube design dissipates heat more effectively than a twin tube shock for cooler, more efficient operation and longer life
- Largest available piston diameter provides superior handling and performance

Shift Improver Kit™

- Reduces heat
- Reduces slippage
- Reduces shift overlap
- Ideal for towing, snow plowing, and off-road driving
- Easy to follow step-by-step instructions

Part No. 10025 - 89-97 Ford with E40D

ShiftPlus™

Electronic Shift Improver

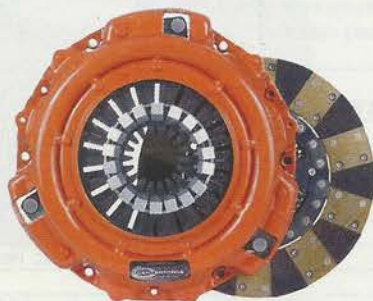

- Improves transmission's shifting performance without removing the transmission pan or valve body
- Adjustable, choose from Original Factory Mode, Stage 1 (firmer than factory) or Stage 2 (much firmer than factory)

Part No. 70381 - 94-97 F-150 w/E40D trans.

Dual Friction Clutches

- Patented centrifugal weight system (where applicable) and specialized machining processes
- Offers exceptional street characteristics while offering outstanding holding capacity and durability
- Dual-Friction disc has a full facing on the pressure plate side while a carbon composite puc style facing is used on the flywheel side
- Engineered for those who are looking for the ultimate in street/strip holding power and performance without sacrificing pedal effort and driver control

Part No. DF116116 - 90-97 Explorer/Ranger 4.0L
 Part No. DF226049 - 95-97 F-Series Trucks
 Part No. DF983982 - 97-05 F-Series Trucks 4.2/4.6L

Diesel Applications

Part No. DF219188 - 03-07 6.0L, 2008 6.4 L Super Duty
 Part No. DF935944 - 99-04 7.3L 6 Speed Super Duty

LTS-Light Truck Compound

- Low noise output
- Increased rotor life
- Smooth engagement
- Extremely fade resistant
- Improved braking over OE
- Carbon material extends pad life

HPS-High Performance Brake Pads

- Extremely low dust
- Gentle on rotors
- Virtually noise-free
- Long pad life

Front Part No.	Rear Part No.	Application

When ordering insert the brake type code in the space in the Part No.
 F=HPS, Y=LTS Example: HB455Y785

Performance Differentials

- Smooth operation
- Performs open until needed
- Fully automatic limited slip

Proven design, low cost and effective performance all make the Detroit TrueTrac limited slip differential the ideal choice for a wide variety of vehicle applications. No maintenance...just traction!

More Applications Available

Diesel Nitrous System

The ZEX™ Diesel Nitrous System adds power with no additional tuning but really comes alive when used in tandem with other diesel engine performance components, such as power programmers and high-flow exhaust systems. By more thoroughly burning the increased volume of diesel fuel entering the engine.

Part No. 82028 - with 10 lb. bottle

Transmission Pans Adds Capacity

Heavy-duty cast aluminum pans prevent transmission case twisting that results in reduced clutch applied oil pressure. Gives added oil capacity plus extra cooling with the external fins. Pan includes a magnetic drain plug and a temperature port plug.

Part No. 1061716 - 89-10 Ford E40D/4R110/5R110

Cylinder Head Studs

- Premium-grade 8740 alloy is rated far superior to "aircraft" quality
- Precisely heat treated to 200,000 psi
- Thread rolled after heat-treat, which gives much better fatigue strength

Part No.	Application
2504201	93-02 Ford Power Stroke 7.3L
2504202	03-07 Ford Power Stroke 6.0L
2504203	08-10 Ford Power Stroke 6.4L

Titanium Series Fuel/Air Separation Systems

Eliminate the contaminants and save your injectors!

- Removes all types of fuel contaminants
- Increases injector life and dependability
- Increase horsepower and torque

Part No.	Application
TF13125G	05-07 Ford Power Stroke, 125gph@50psi
TF14125G	99-04 Ford Power Stroke, 125gph@55psi
TF16150G	08-10 Ford Power Stroke, 150gph
TF17125G	11-14 Ford Power Stroke, 125gph

Water/Methanol Injection Kit

Reduce air inlet temperatures to create more power by utilizing the cooling effects of the system under heavy load.

Kits include all the elements necessary to do water/methanol injection right, including a standard fluid level sensor for the tank, recirculation-style pump, feature-loaded controller, and complete hardware for installation on practically any diesel application.

Part No.	Description
303301	Water Injection Kit, 5 Gallon
303302	H2O Pump and Jet Kit

Techni-Cooler® Intercooler System

- Dramatically increases flow of cool, dense air into the engine
- Delivers maximum boost air temp reduction with minimal boost pressure loss
- Lowers EGTs

Part No.	Application
Ford Power Stroke	
25973	99.5-03 7.3L
25974	03-04 6.0L
25975	05-07 6.0L
25984	08-10 6.4L

Black Magic X-Treme Fan

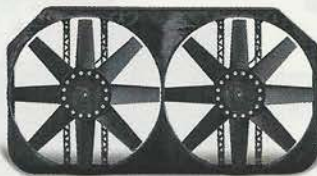

Most radiators are rectangular, not square. To get the most out of any type of fan, it's best to cover as much of the radiator core as possible. Flex-a-lite designed a high-performance electric fan that does exactly that.

Part No. 180 - 15", 2200RPM, 3300CFM
Specifications for Mounting Surface: 18" x 16" x 41/4" in depth

Electric Fans

- Lightweight nylon shroud with full-contact rubber seal
- Increase in horse power with replacement of stock belt
- Extends water pump life and increases gas mileage

Part No.	Application
272	98-03 PS Diesel
270	97-07 F-150/250/Expedition
295	88-97 F-Series V8
160	Universal Fit
410	Low-Profile Universal Fit

Tube & Fin Transmission Coolers

- Extends transmission and fluid life
- Improves performance and economy
- Turbulator fins maximize heat transfer
- Durable black powder-coat finish

Part No.	Application	Size	GVW
13103	Ranger	7.5" x 17" x .75"	18500
13104	F-150/Expedition	10" x 17" x .75"	20500

These Edelbrock E-Force Supercharger Kits provide instant, reliable, and safe horsepower with low boost for minimum stress on the engine. The core of each system is the Eaton Gen VI 2300 TVS® Supercharger rotating assembly. Eaton's assembly features a four lobe design with 160° of twist for maximum flow, minimum temperature rise, and quiet operation for excellent drivability.

- Systems feature 14" long intake runners for maximum low-end torque — ideal for towing and off-road performance applications
- Available with an optional warranty, 3 years or 36,000 miles for 2004-06 models and 5 years or 60,000 miles for 2007-10 models
- 4-wheel drive hardware kit relocates the oil filter to clear the front differential when installing on 2004-10 4WD F-150 trucks

More Applications Available

DIABLOSPORT®

GASOLINE AND DIESEL TUNING SYSTEMS

The DiabloSport inTune is the next generation of tuning tools, a total revolution in the tuning industry. The inTune contains innovative features not available anywhere else.

- Least expensive full color touchscreen available
- USB connectivity
- Easy to use
- Free automatic updater
- Removable cables
- External sensor inputs
- One part number for all applications, including gas and diesel
- Virtually no limit to the amount of custom tunes the inTune can hold
- Most adjustable parameters in the market
- Preloaded with multiple "canned" tunes for increased HP, TQ and MPG
- Designed, engineered and manufactured in the USA

Part No. I1000

Superchips®

VIVID

TUNING | PERFORMANCE | INFORMATION | ENTERTAINMENT

Superchips VIVID LINQ is the only tuning device in the industry designed to work with Android™ OS smartphones. LINQ is available for nearly 1,000 vehicle applications including most popular truck, performance car, and SUVs produced in the last decade. LINQ is a Bluetooth wireless vehicle tuning interface that turns your phone into a performance tuner, diagnostic trouble code tool, PID reader, driving coach, or virtual dash board with the touch of the phone screen. Combine your Android phone with LINQ for an affordable yet advanced vehicle tuning experience!

EDGE PRODUCTS

Evolution CS and CTS

- Multiple power levels for mileage, towing and performance
- Full-color, high-resolution, button-controlled 2.4 inch screen (CS) or 4.3 inch touch screen (CTS)
- Compatible with optional EGT pyrometer for engine protection
- Internet updateable (cable included)
- Displays and clears Diagnostic Trouble Codes
- Displays Alerts and Records such as RPM, MPH, and EGT
- 0-60 and Quarter-Mile performance test with drag-strip, Christmas-tree lighting (Graphs speed and time on screen)
- Displays up to 8 parameters at a time in digital display mode
- Monitors and displays Diesel Particulate Filter (DPF) status on new emission diesel trucks

Part No.	Application
85100	Evolution CS Diesel
85200	Evolution CTS Diesel
85150	Evolution CS Gas
85250	Evolution CTS Gas

More Applications Available

Blaster Coil-On-Plug

- Improves spark energy and voltage
- Improved high RPM operation
- Patented winding design materials
- Direct bolt-in to factory connectors

Part No.	Application
82428	99-04 Ford SOHC (set of 8)
82438	06-09 Ford SOHC (set of 8)

Street Fire™ Coil

These new coils mount directly in place of the factory coils and accept the factory connectors. Spark energy is increased thanks to improved materials and windings that were spec'd by MSD engineering.

Part No. 5527 - Ford TFI Coil

Triple Dog Gauge Tuner

The Triple Dog Gauge Tuner is an all-in-one downloader, monitor, and tuning device. The GT Gas and GT Diesel both feature multiple power settings with the ability to adjust drivetrain and user settings. In addition, the GT line features all of the same gauge/monitoring functions as well as the advanced Driving Coach software aiding drivers in maximizing their fuel economy.

Part No. 40410 - 50 State GT Gas
Part No. 40417 - GT Platinum Gas¹
Part No. 40425 - 50 State GT Diesel
Part No. 40420 - GT Platinum Diesel¹

¹ Not legal for sale or use in CA

WatchDog Monitor™

The WatchDog is a very useful general purpose gauge unit for towing and everyday driving. It will support our aftermarket pyrometer kit to monitor EGTs and will provide automated safety warnings based on a number of different vehicle parameters. For the fuel economy minded motorist, the WatchDog has the Driving Coach which will help just about anyone achieve better fuel economy.

Part No. 40400 - White
Part No. 40402 - Black

Spiralcell Technology Batteries

- High purity plates and large intercell connectors give Optima the lowest internal resistance of any 12 volt lead acid battery
- Provides up to 2x the life and more than 15x the vibration tolerance

Part No. D3478 - 750 CCA-120 min (Yellow Top)
Part No. 3478 - 800CCA-110 min (Red Top)

Street Fire™ CDI Ignition

This Street Fire CDI Ignition is perfect for budget minded enthusiasts. The ignition offers capacitive discharge technology and will fire a series of multiple sparks that lasts for 20° of crankshaft rotation when the engine is running under 3,000 RPM. This ensures combustion and produces great throttle response and smooth idle. The CDI is built around a durable cast aluminum housing and easily connects to points, amplifiers and magnetic pickup distributors. There's even an adjustable rev limiter for overrev protection!

Part No. 5520

Z-Series Gauges

- High-performance movements
- Understated good looks
- Traditional reflective side lighting (not through dial)
- Red and green light bulb covers included

Part No.	Description
2616	Boost, 0-35 psi, Mechanical
2617	Boost, 0-60 psi, Mechanical
2618	Boost, 0-100 psi, Mechanical
2636	Differential Temp., 100-250°F, Electric
2640	Trans. Temp., 100-250°F, Electric
2654	Pyrometer, 0-1600°F, Electric
2660	Fuel Pressure, 0-30 psi, Electric
2888	Diesel Tach, 5000 RPM, 2 5/8" Pedestal Mount

Ultra-Lite Gauges

- Race-proven design, styling, and accuracy
- Lightweight aluminum construction
- Easy-to-read silver dial
- Traditional reflective side lighting (not through dial)
- Red and green light bulb covers included

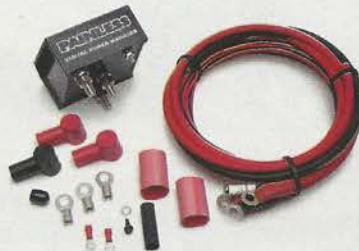

Part No.	Description
4304	Boost, 0-35 psi, Mechanical
4305	Boost, 0-60 psi, Mechanical
4306	Boost, 0-100 psi, Mechanical
4344	Pyrometer, 0-1600°F, Electric
4349	Differential Temp., 100-250°F, Electric
4357	Trans. Temp., 100-250°F, Electric
4360	Fuel Pressure, 0-30 psi, Electric

Digital Power Manager

This new Digital Power Manager protects the main battery from being discharged under heavy or sustained loads. On startup, the DPM will direct all charging to the main battery until it reaches full charge. It will then automatically begin charging the auxiliary battery. The DPM will sense when the load is large enough on the main battery and automatically add the auxiliary battery in parallel for added power.

Part No. 40120

Stainless Steel Cat-Back™ Exhaust Systems

- Patented design increases exhaust flow for more power
- Aircraft-quality T304 stainless steel (superior to T409). Will not rust or crack
- Million Miles warranty

Part No.	Application
